Brainstorm & idea prioritization

Use this template in your own brainstorming sessions so your team can unleash their imagination and start shaping concepts even if you're not sitting in the same room.

- 10 minutes to prepare
- 1 hour to collaborate
- 2-8 people recommended

Before you collaborate

A little bit of preparation goes a long way with this session. Here's what you need to do to get going.

10 minutes

A **Team gathering**
Define who should participate in the session and send an invite. Share relevant information or pre-work ahead.

B **Set the goal**
Think about the problem you'll be focusing on solving in the brainstorming session.

C **Learn how to use the facilitation tools**
Use the Facilitation Superpowers to run a happy and productive session.

Define your problem statement

What problem are you trying to solve? Frame your problem as a How Might We statement. This will be the focus of your brainstorm.

5 minutes

PROBLEM

Most of the rural area people can't implement the IOT devices because of they don't know about the device uses and it is diffcult to use

Key rules of brainstorming
To run a smooth and productive session

Stay in topic.   Encourage wild ideas.

Defer judgment.   Listen to others.

Go for volume.   If possible, be visual.

Brainstorm

Write down any ideas that come to mind that address your problem statement.

10 minutes

TIP
You can select a sticky note and hit the pencil [switch to sketch] icon to start drawing!

Person 1

- Within a minute it can alert the farmer
- It is an automation device it can reduce the work
- It can notify the problems that occur in the fled
- Improved and new technolog will help farmers in effevitve way
- Data stored in cloud it will be usefull far farmers to see the activities of the crop
- It can store all the datas in the cloud
- This application or software will suggest every time to acces the whole system
- By educating them about iot device

Person 2

- it controls various parameters on their felds
- it can fullfil the customers needs

- Connect skilling interventions to market
- Easy for the users

Person 4

- Ensure digital and it awarness
- It includes to increase economic impacdt
- saving in labour and feld preparation cost
- Software interface will be understandabe
- Balancing the need of devices to ensure the device effectively
- For using various smart agricultural gadgets, farmers have gained better control over the prowess
- Suitable for all types of soil
- High accuracy of feld encryption

Group ideas

Take turns sharing your ideas while clustering similar or related notes as you go. Once all sticky notes have been grouped, give each cluster a sentence-like label. If a cluster is bigger than six sticky notes, try and see if you can break it up into smaller sub-groups.

20 minutes

TIP
Add customizable tags to sticky notes to make it easier to find, browse, organize, and categorize important ideas as themes within your mural.
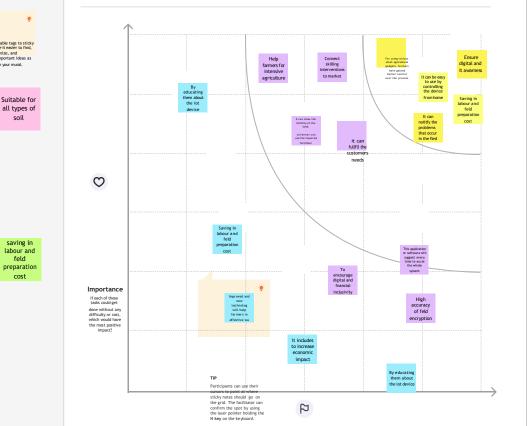

- it includes to increase economic impact
- By educating them about the iot device
- Connect skilling interventions to market
- To encourage digital and financial inclusivity
- Suitable for all types of soil
- It can show the fertility of the land. so farmer can use the required fertilizer
- Within a minute it can alert the farmer
- It will automatically moniter all the activites of feld
- High accuracy of feld encryption
- saving in labour and feld preparation cost
- It can be easy to use by controlling the device from home

Prioritize

Your team should all be on the same page about what's important moving forward. Place your ideas on this grid to determine which ideas are important and which are feasible.

20 minutes

Importance
If each of these tasks could get done without any difficulty or cost, which would have the most positive impact?

TIP
Participants can use their cursors to point at where the sticky notes should go on the grid. The facilitator can confirm the spot by using the laser pointer holding the M key on the keyboard.

Feasibility

After you collaborate

You can export the mural as an image or pdf to share with members of your company who might find it helpful.

Quick add-ons

A **Share the mural**
Share a view link to the mural with stakeholders to keep them in the loop about the outcomes of the session.

B **Export the mural**
Export a copy of the mural as a PNG or PDF to attach to emails, include in slides, or save in your drive.

Keep moving forward
